

What would you do with \$1,000 to improve your Makerspace? How could \$500 help you implement new program ideas in your library's Makerspace? Are you limited on the amount of funds you can dedicate? Join us for an interactive workshop where you will get to explore top recommended Makerspace items for any budget. All the Makerspace items we will be using that day are new to CPLs and will be available for borrowing after both workshops are complete.

The two locations for this workshop are:

Wednesday, March 25th, 2020
1pm-4pm
Lexington Public Library
907 N Washington St.
Lexington, NE 68850

Tuesday, March 31st, 2020
10am-1pm
Hastings Public Library
314 N Denver Ave.
Hastings, NE 68901

Each attendee will leave with hands-on experience and the tools necessary to go back to their home library and implement new ideas for their library. Participants will receive 3 CEU Hours for attending. Space is limited to the first 20 people at each location.
