

Calendar Challenge

Today's project is for children ages 5-8. It is a Calendar Challenge. There is no video associated with this project, just the worksheet that you would send home with each participant along with a 2021 calendar.

You could provide an incentive for the children to return the Calendar Challenge sheet. Additionally, you could encourage everyone to bring their calendar when they come to the library by giving a stamp or a sticker on the day they come in. Then at the end of the month, after three months, after six months, and/or at the end of the year, you could provide something (a book maybe) to your most loyal patrons. These are just suggestions. Feel free to create other programs with the calendars.

If you decide to use Project #4, the System will provide a 2021 Calendar for each participant.

Here are some samples of the random selection of calendars we will send you.
