569-2318

November 2014

**Library Hours:** Wed. 10:00 a.m. – Noon, 2:00 – 3:00 p.m.  
Thurs. 3:00 – 6:00 p.m.  
Sat. 1:00 – 5:00 p.m.

**Services offered by the library:** For the individuals who cannot get to the library, please call, 569-2318. I will deliver items from the library to you. A public library is for everyone to use.

**Farnam: “From these beginnings we grew”.** I recently bought this book for myself. It contains the history of Farnam starting from Keystone to 1981 (1883-1981), it includes lots of information and pictures. This book was written by the Farnam History Committee. Strong, determined people built our town. Fire destroyed several times and they always rebuilt. The last copy of this book is for sell in the library. It was never mass marketed.

We no longer have an active Farnam History Committee. Maybe someone in the community would like to start it up again. Write a new book starting in 1982 to the present day. Give it some thought.

**Adult Reading Group** will be the **FIRST** Thursday of the month. We are reading “Body of Lies” by Iris Johansen at present. I have extra copies if anyone would like to read it.

**Children’s Story Time** is doing better this time around. I had 5 children that came and enjoy themselves.

We have **DVD and VCR movies**. Comedy, Action, Western, Musical, Classics, War, Holiday, Family, and Mystery.

The **Farnam City Council** meets on the second Tuesday of every month.

The **Library Board** meets on the second Thursday of every other month.

**MOVIES:** Nov. 8<sup>th</sup>: Frozen; Nov. 22<sup>nd</sup>: A Charlie Brown Thanksgiving

Thank you to everyone who took the time to fill out a survey form.

### **Interesting Facts:**

When Twister was introduced in 1966, it was denounced by critics as “sex in a box”.

There are more life forms living on your skin than there are people on the planet.

Otters sleep holding hands.

OJ Simpson was original cast to play Terminator, but the studio was afraid that no one would by him as a remorseless killer.

Leonardo De Vinci could write with one hand and draw with the other at the same time.

The last man on the moon, Gene Cernan, promised his daughter he’d write her initials on the moon. He did, and her initials, “TDC”, will probably be on the moon for tens of thousands of years.

The Mimic Octopus can not only change colors, but will mimic the shape of other animals, like the flounder, lionfish, and sea snakes.

Twenty per cent of office coffee cups contain fecal matter.
