Babies Need Books!

One of the most important things you can do to prepare for your new baby is to make sure that your home has books for children.

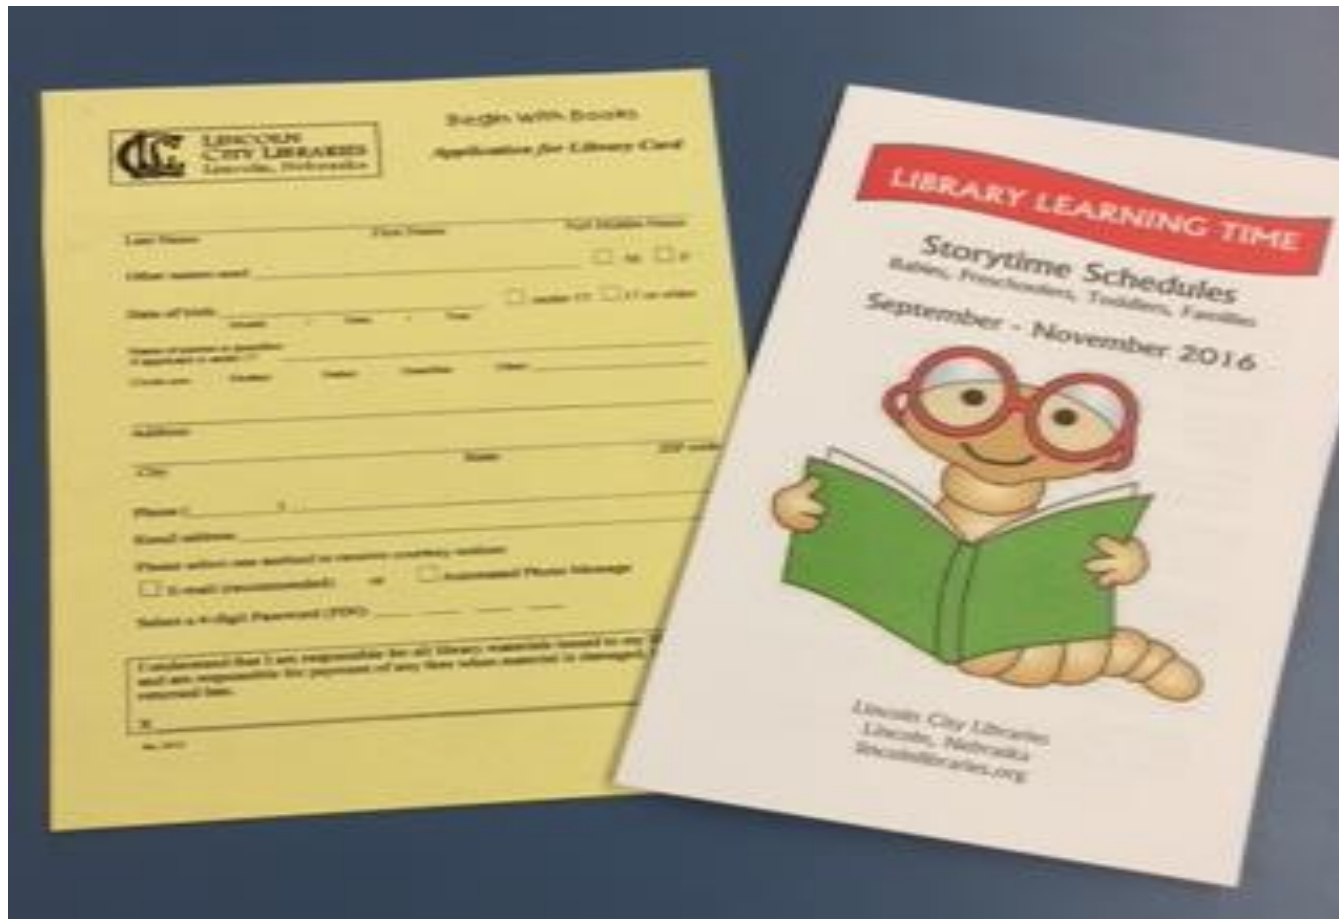

- Look for gently used board books (with cardboard pages especially for babies) at garage sales, thrift stores or the library book sale. If your friends and family want to buy something for your baby, suggest a book or a gift card to a bookstore.
- Make sure you read, sing and talk to your baby when he is awake.
- Play music CDs (available to borrow for free at the library) for your baby to soothe her to sleep.
- Don't worry if your child puts a book in his mouth; that is how they explore their world.
- Explore your local library and get familiar with all it has to offer, [www. lincolnlibraries.org](http://www.lincolnlibraries.org)

Begin with Books is a joint project of Lincoln City Libraries and the Lincoln/Lancaster County Health Department, with funding from Foundation for Lincoln City Libraries and Dillon Foundation.
