Class Prophecies

The Class of 1994 is a class of many personalities and goals. In ten years, we see ourselves in many different places and occupations.

Tony Boyce stayed on the family farm so his Mom could make him breakfast every morning. And, yes, he is still cruising North Loup every Saturday night.

Andy Brown is the host of M.T.V.'s Down Town Andy Brown Show. In his free time, he is plotting Bob's death to take over the State Bank of Scotia.

Melanie Cadek is a world famous cosmetologist in North Loup, marketing the "Tara Twist." She is always up on the latest gossip, and is famous for winning the \$100,000,000 prize from Ed McMahon.

Tara Christensen Valedictorian of the Class of 1994, is able to take on different tasks in the next ten years. After high school she went to law school to become a lawyer for men. She also writes a "Dear Tara" advise column. Subjects range from romance to auto mechanics.

Chad DeNoyer will be driving slower on the public highways to earn the right to lower insurance rates. His speed was quite an asset in winning the Indy 500 this spring. He became famous for inventing the word "Fro-Tay."

Jason Drapal is a rap star and practices Taekwondo. After his rap career slowly comes to an end, he decides to follow in the shoes of his favorite man, Svob, to become a history teacher.

Robert Goodrich bald and in Jason's rap group, is still looking for the woman of his dreams--one who will shave her head also. And in Rob's free time, he is training for the Boston Marathon, after recently winning the New York Marathon.

Mandi Holt is just learning how to whistle and still doesn't understand the first chapter in Trig. She is a physical therapist living in Virginia, married to the head volleyball coach with 4 kids.

Adam Hurlburt became a bank auditor because he lost his last ten cases as a defense lawyer.

Curtis Kaslon becomes the next manager of Carl's IGA and owns "Lawns 'R' Us". He became famous for making a new lawn mower and stars on his T.V. show - "How to be an Effective Lawn Mower."

Jeremy Medbery has become the youngest-ever Jeopardy champion. He becomes the first NLS student to win the Nobel Prize. But he is still in the little town of Scotia, Nebraska, married with many kids, trying to make a living off the Scotia Register.

Some believe **David Moody** will be a knee surgeon, or an investigator, or a volunteer in habitat restoration. He becomes a millionaire thanks to his knowledge of agriculture.

After retiring from the NFL, **Dan Pokorny** is spending his time hunting, fishing, and trapping. His own television show is called "101 Ways to Butcher About Anything."

Since leaving high school, **Jeremy Shoemaker** has taken over the family farm and has designed a new TURBO for tractors.

Glen Snodgrass is the Athletic Booster of the Year (NL-S male sports only). He also is a principal at an all-girls' Catholic School.

After graduating from high school, **Chasity White** became a Miss Congeniality Judge, the President of the Baton Twirlers of America, and married the first boy she ever kissed and they have two girls and two boys.

Jeffrey Wray started a new brand of automobiles called Fro-tay mobiles.

Lisa Zade marries her first real boyfriend, Ray. She does dishes at the North Loup Cafe, but in her spare time she is throwing the discus in the Olympics.

The Class of 1994 is a class of high spirits. We have come a long way since we first entered the school as 7th graders. There is one trait that still lives with this class. That would be our loudness. With 13 boys and 5 girls, we always found a way to work together. We had fun planning for prom our junior year, which was an experience we will never forget. We had lots of concession stands, selling sandwiches, and magazines to last us a while. It's hard to say goodbye with all the friendships that have grown among us throughout the years. We have shared many great memories that will last us a life time.

As the Juniors work toward graduation in '95, they made memories that will last a lifetime. Making prom a memorable event was also a top priority. Being involved in many activities and looking forward to college kept this group busy, but they always had time for fun!

Active, Rowdy, Involved, Talented, and Unique come along with the word Juniors. The Junior class has many personalities...ranging from; Luke, who speaks and knows he will be heard. The class clowns include Candi, Heath, and don't forget Jarrod. We can't exclude the intellectual ones like Jason and Koya. Then there's Matt, Monette, and Tory that are always ready to move when something happens. So as you can see, the Junior class ranges from the quietist to the rowdiest of friends. All in all, we all hang together!

The Sophomore class has achieved many goals this year, by organizing three concession stands, and staying active in all the activities. The Sophomore class as a whole is quite exciting, while Maceo roams to the bathroom and somehow ends up in downtown Scotia and there's Cynthe, once in a great while she manages to make it on time to her first period class. Then there's Paul the future Mother Goose, who sits and can tell stories forever. But last of all we can't forget to mention Jeff (Gordy) and his famous football career. O.K. we don't have enough room to mention everybody but all that can be said as a fact is that the class of '96 will never be forgotten.

The Freshman of 1993-94 took a big step up; from being at the top of the jr. high to the bottom of the senior high. It was a change for them; their work was a little harder, but in the long run they got to choose what classes they wanted to be in. All-in-all they had a blast participating in the activities.

This year, the 8th grade had a grand total of 13 boys and 7 girls. Anyone could tell that they liked being at the top of the Junior High, because they virtually dominated all of the Junior High Sports. The "pre-freshmen" were a good example for the 7th grade. A lot of the 8th graders have waited a long time to finally be at the top of the Junior High, and are glad to be there. However, they do still look forward to that glorious day in 1998 when they will have completed their high school years.

These bright seventh graders started out shy, but they got the hang of being around the big kids. They all got to do new things, like working at a concession stand and getting to play sports, and of course they don't have their recesses anymore so they had to get used to 3 minutes to get from one class to the other.

The nervousness of the kindergarteners, and the anticipation of the sixth graders made 1993-94 a year to remember. "Exciting and memorable" are two words that would describe the NLS volleyball season. The Cats were 6-5 going into the conference tourney. After winning a long and tiring match against Silver Creek, the Cats put up a good fight against Greeley, but lost. District action saw NLS win Sub-District. But, they had to go up against the winning streak of the Callaway Bears in the District final, but only one other NLS team has made it to this level. The ability of this team has shown through with many awards. Mandi and Tisha received conference awards. They were joined by Candi and Tory for KNLV awards. Mandi was 1st team GI Independent. Mandi broke the state record for assists, season per match average. Candi's serving percentage was 1st in Class C-2 and 10th for all classes. Suzanne ended up 5th in C-2 and 23rd, all classes. The team also tied for the state record for assists in one match in Class C-2 with 45 against Silver Creek. The Wildcats ended 12-8 with the conference and district runner up trophies. The volleyball season of 1993 was a year to reflect back on and remember.

Reflecting On A First-

The Wildcats ended their season with a very impressive record of 22-2. The starting line up consisted of 2 seniors, 1 junior, and 2 sophomores. Glen Snodgrass, a 6'6" Senior, ended with 572 points, 335 rebounds, and 159 blocked shots for the season. The Wildcats won their first trip to the state tournament this year. Their first opponent at State was Wauneta Palisade which was easily won by the Wildcats. On to the semi-finals they went. It was a close semi-final victory for Sterling at Pershing Auditorium, barely getting by the Cats, 56-55 that kept the Cats from their championship dream. Although the Wildcats didn't take home the State Runner-Up Trophy, they were ranked #2 in C-2 in the Omaha World-Herald, and in the Lincoln Journal Star. They were also ranked #2 in Class C in the G.I. Independent. The Wildcats did earn the District, Conference Season and Tournament Trophies. Among many honors given to members of the North Loup-Scotia basketball team Glen Snodgrass was 1st Team All State and Coaches All-State, Matt Kern received Honorable Mention All State. Matt and Glen were also All-Conference Players. Bob Sixel was Honorary Coach All Area KNLV.

It was a great year for the Student Council! They worked hard to prepare for the S.C.I.P.P. Day held at NL-S. The Student Council also has embarked on organizing the trophy case and all the various awards NL-S has received throughout the years. They had a fun time with all their activities this year and hope that their work will pay off for the future.

Time has passed so swiftly. We will miss the time you've been in high school, because the end of high school means you'll be away. You possess lots of talent, many of them untapped. We look forward to the coming years as you discover your life's purpose. Your success will come in doing not what others consider to be great but what you know to be right.

Well CRAZY girl we only have 1 1/2 years left and one of these days we're going to have to go party! You're a great person with many talents and I believe that you can accomplish anything you set your mind to. Never ever let anyone put you down cuz that's the last thing you deserve. I want to wish you the best of luck in all you attempt in life. I still think you should build that mall in Scotia that you always wanted! Never forget any of the great times over the years and we're going to have to make many more before we leave and go on with our lives, Cheryl, if you believe and want bad enough all of your dreams will come true. I believe in you and I know that your life will be successful. Never forget me! Love you always!!!

Well I can't believe that we are Juniors already. It has went so fast, before we know it we will be graduated and out of this school and on with real life. It has been memorable through the years and lets make this next year even more memorable. I want to wish you the best of luck in life and go for whatever you want. Don't ever let anyone put you down Cheryl because you don't deserve it. Because when they do they are just that much lower than you. Believe in what you want and go for it all. Never forget the great times and forget the bad. Always remember to have fun because being sad is for the birds. Just remember to Take It Easy and don't be too hard on the men.
