

Library Report

Summer programming has been wonderfully received! We have had almost 40 children participate at least once and all 12 family activity bags are going out each week.

Our teen advisory board members have offered to do four story time programs in July and early August for area preschoolers!

Our Homecoming float won 2nd prize. We hope to participate in Popcorn Days parade, as well, this year.

Card Club and Board Game Club continue throughout the summer.

Eighty-three new books are being processed and should be on the shelves by next week. Many were children's books donated by a patron.

Interlibrary Loan and Book Purchase Recommendation forms are being drawn up to help patrons make those requests. I will include copies with my report next month.
