

DISCOVER THE WORLD...

...with the addition of our new data bases through **WORLD TRADE PRESS** available to anyone using the computers in the lab, or to library members through their mobile device.

A to Z the USA is the most comprehensive database for U.S. information on the

market today. With the option to explore the country as a whole, or research a specific state or one of five US territories, this database will give you in-depth access to a broad range of topics including: *Official State Animals & Plants; Historical Time Lines; Modern & Antique Downloadable Maps; National & State Symbols; Food & Recipes; Demographics; Culture & Society; Geography Learning Resources; Gov't & Politics.*

All images and maps in **A to Z the USA** can be downloaded and used in school projects.

A to Z World Travel is a database which consists of 202 city travel guides, featuring up-to-date and in-depth information on

attractions, neighborhoods, excursions, dining, language, insider tips, transportation, and much more! All images and maps in **A to Z World Travel** can be downloaded and used in any way.

Both of these databases are accessible through a shortcut on the desktops of the computers in the lab, or remotely at the links through our website at www.tildenlibrary.org. Remote access will require a special patron log-in number which can be obtained by calling or visiting the library.

Ancestry.com Library Edition brings the world's most popular consumer online genealogy resource to your library. It's an unprecedented online collection of individuals from North America, the United Kingdom, Europe, Australia, and more.

Whether professional or hobbyist, expert or novice, genealogist or historian—inside are more than 7,000 available databases. Unlock the story of you with sources like censuses, vital records, immigration records, family histories, military records, court and legal documents, directories, photos, maps, and more. All this, plus an intuitive search interface, detailed search indexes, and helpful Learning Center tools, makes Ancestry Library Edition an indispensable resource for any library serving genealogists and historians.

This service is free, and available for anyone using our public access library computers.

MyHeritage Library Edition is a genealogy database that contains more than five billion historical records from 48 countries including census and other government records, historical records, and photographs. This is a free data base accessible remotely or in-house to Nebraska residents through **NebraskAccess.com**.

Fireside Chat Book Discussion Group

If you like to read, and like to discuss books in a relaxing and informal setting with others who like to read, then join us for our **Fireside Chat Book Discussion Group**. This group meets on the 4th Thursday of each month at 6:30 pm in the library by the fireplace, and refreshments are always served. Copies of books for discussion are available to be checked out at the library throughout the month.

You can always find information about upcoming books for discussion on our website.
