Successful Big Give Gage 2023

SUBMITTED BY JANICE COHORST

Seventy-two Gage County - based nonprofit organizations participated in the fifth Big Give Gage Event on September 14, 2023. This year a total of \$369,493.56 was raised with 1,971 donors. There was \$20,775.57 given by sponsorships which is divided amongst all 72 nonprofits.

The overall goal of Big Give Gage is to promote philanthropy throughout the entire community.

What is the definition of philanthropy?

Philanthropy means generosity in all its forms and is often defined as giving gifts of “time, talent and treasure” to help make life better for other people.

One can practice philanthropy by making a monetary gift, such as a donation to a cause you believe in. Anyone can be a philanthropist and the Wymore-Blue Springs Area Fund had 149 during Big Give Gage.

This year Wymore-Blue Springs Area Fund surpassed our goal of \$20,000. We were blessed with \$31,175 raised. The percentage of matching funds received was \$1404.80 for a total of \$32,579.80. This years project was to focus on the building of a new restroom facility in Arbor State Park. After 67 years the cement block bathrooms have reached their lifespan. The exact location of this amenity has not yet been determined by the park board, city council, and mayor.

The members of the Wymore-Blue Springs Area Fund are grateful to the many people who believe in supporting and sustaining our area and our parks will benefit due to their generosity. Those who have a connection to our area, either living here now, sometime in the past, or whose family has a history here we want you to know we appreciate you. Your community needs you. That is why we are grateful to have you support not only during Big Give Gage but throughout the year. We look forward to BIG GIVE GAGE 2024.

“It Takes a City to Raise a City”

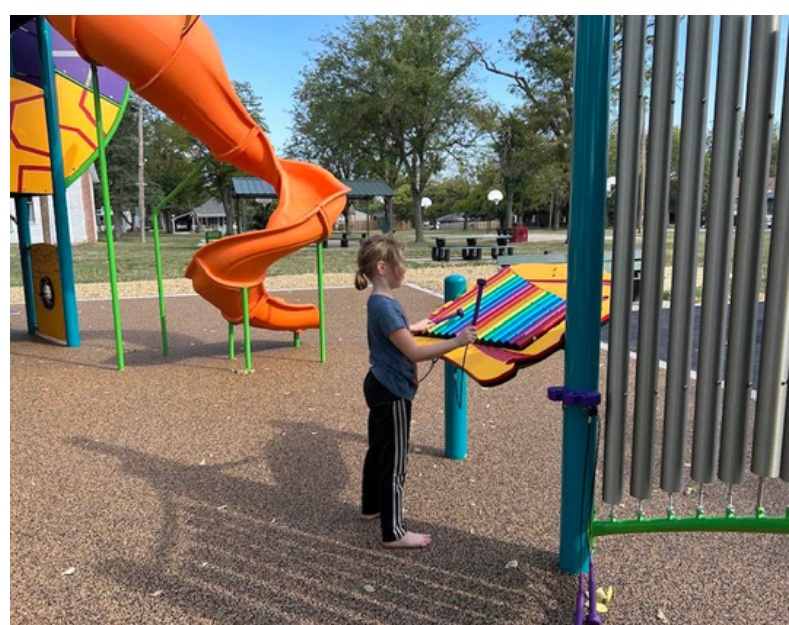

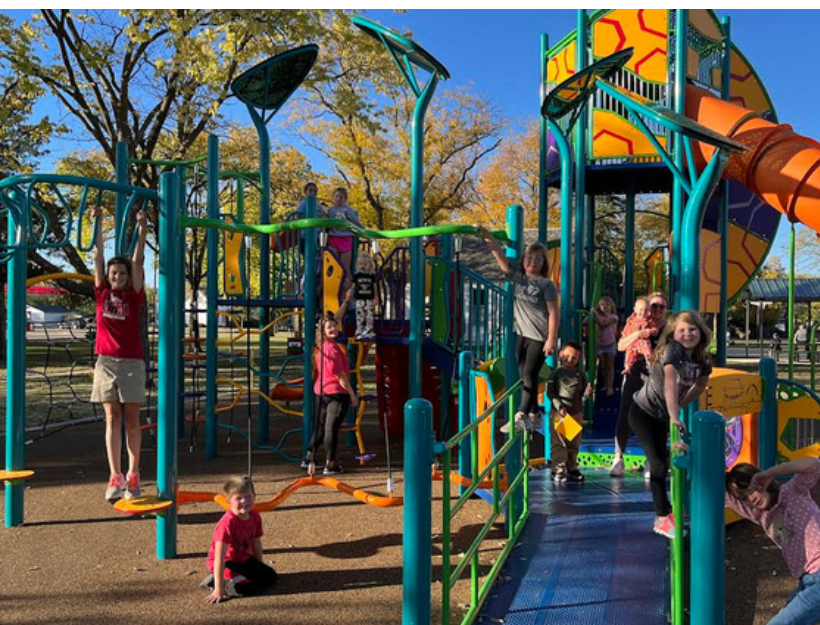

SUBMITTED BY NEIL VAN BOENING

2 months ago, the delicate surgical procedure began by shaving the McCandless Park surgical site for the Inclusive Playground designed for those who are 5-12 years old. In days of old, the evening prior to surgery involved clean shaving of the surgical sight in order to make an unhealthy situation better and ward off infection. After 30 days of intense therapy, the inclusive playground was fully ready to face life on September 28. It takes about 30 days to embed a habit. The new playground is similar to receiving a pacemaker. McCandless Park was becoming weary and needed some assistance in regaining her energy. Several organizations, the City of Wymore, several Foundations, businesses, and many individuals came together to bring some more life to McCandless Park. One is reminded of a statement by Brian Tracy, “Always give without remembering and always receive without forgetting.” We are indeed thankful to all who have given so unselfishly so that we can enjoy the playgrounds and restrooms and we are forever thankful to them.

I have stopped by the playground several times and have viewed the many Facebook photos and treasure the sight of young people utilizing the playgrounds and using them in positive ways that I would have never dreamed. For example, I noticed young girls volleying a large ball in a corner of the open area of the new playground. As a result, we have instilled a habit of good experiences and behavior at McCandless Park.

At the same time, some other infectious behavior arrived at a similar time to hinder the post-surgical improvement at the playgrounds. It takes each of us to act responsibly with the playground and park that we have been given. That may mean letting those who abuse the park property that “a thousand eyes” are watching. I recall that as an elementary school student playing football behind the parked cars at the high school football game and reacting a little too physically with a fellow participant when a parent called me on my over-the-top reaction. Needless to say, I restrained my behavior in future contests. Depending on your personality, adverse incidents may or may not involve confrontation of the misbehavior or it may involve contacting law enforcement with sufficient documentation so that investigation can occur.

Whether we like it or not, the condition of the park is our responsibility. Cost of maintenance is funded with our real estate tax dollars, sales tax revenue, and profits from the sale of our utilities. Although “somebody” should oversee the parks, “somebody” does not live here, we live here. It takes all of us to maintain a great place to raise families. We need to thwart this behavior prior to it becoming a habit. In other words, “It takes a city to raise a city.” At the end of the day, did you attempt to make us a better city tonight than it was this morning. “The quality of your life will be determined by the quality of your contribution. When you work to improve the lives of others, your life improves automatically.” - Kurek Ashley

Protect Your Family with Smoke Alarms

SUBMITTED BY LORI WOLF

Protect Your Family with Smoke Alarms

The winter season is when most home fires happen. 85% of all fires in the United States occur in homes and 3 out of 5 home fires deaths result in properties without working smoking alarms.

Your home should have at least one smoke alarm on each floor. It is a great idea to have a smoke alarm in each bedroom as well. The National Fire Protection Association recommends installing both ionization and photoelectric alarms or a dual alarm that has the combination of both the technologies. Ionization smoke alarms respond best to flaming fires while the photoelectric smoke alarms respond to smoldering fires.

TEST YOUR ALARM MONTHLY

Make sure to check your alarms one a month whether they are battery operated or hard wired. Remember to change the battery in your smoke alarms twice a year, doing this at the same time as you change your clocks for daylight saving time is a great

idea. Smoke alarms do need to be replaced after ten years of use.

Remember when your smoke alarm is going off you generally have less than two minutes to get out of your home safely.

After getting out of your home call 911 for help and don't go back inside for anything. Don't forget to have that safe place for everyone to meet.

The Virtue of Charity

October 24, 2023

Charity is the theological virtue by which we love God above all things for his own sake, and our neighbor as ourselves for the love of God. Charity is the form of all the other virtues and is superior to them. Charity acts like the mold by which all the other virtues are formed.

Many are familiar with Paul's description of charity in First Corinthians. There, he describes charity as being kind and patient, that it is not jealous or boastful, nor arrogant or rude, nor irritable or resentful. He teaches that charity bears all things, believes all things, hopes all things, and endures all things. This passage describes love so well that many couples select it for the Scripture on their wedding day.

I think one of the greatest effects of charity is that it upholds and purifies our human ability to love. Our love can be drawn up into the supernatural perfection of divine love. We can love with the very love of God.

At the Last Supper, Jesus gave the commandment to his disciples that they were "to love one another as I have loved you (John 15:12)." He calls this his new commandment. Jesus has set the bar high for what he expects of us in the practice of charity.

Paul in Romans teaches that Christ came to us while we were still enemies. We became his friends by the redemption which he won for us on the cross. So, in imitation of Jesus, who prayed for his enemies from the cross, we too must love our enemies and be willing to forgive them for wronging us. We are to consider ourselves as neighbor to those closest to us and those whom we will never meet in this life. We are to love the poor and children as Jesus himself loved them.

Jesus no longer calls us slaves, but friends. He has "first loved us (1 John 4:19)," so we are called as his friends, as his very sons and daughters, to love him and our neighbor in return. If we love out of love for Jesus, we love as innocently as children.

I have interchangeably used the terms charity and love. Traditionally, even before the life of Christ, love was broken into four categories: romantic love, brotherly love, familial love, and unconditional love. The latter is the one which best defines charity, as this selfless love requires sacrifice and service toward the one loved.

It is said that "love makes the world go round." True love shown to all people keeps the world unified; it begins with you and me loving one another.

Rev. Loras Grell

Pastor of St. Mary Church, Wymore

My hand made this turkey...

... but I need your hand to fill my empty plate.

A child's imagination is a powerful thing.

With just a few markers and a little creative spark, a tiny hand becomes a colorful Thanksgiving turkey.

Your generosity is a powerful thing, too. With your donation to the Food Bank of Wymore, you can give a family facing hunger all the ingredients they need for a Thanksgiving meal.

Every \$10 you give helps distribute nearly 30 meals. Just imagine how many lives you can touch with one act of generosity today.

In this seasons of giving thanks... give the gifts of nourishment and peace of mind. A hearty meal and a happy holiday should never be figments of a child's imagination.

With gratitude,

David Moyer Obituary

SUBMITTED BY LAUGHLIN-HOEVET FUNERAL HOME

Morris David Moyer, III, known affectionately as David, was born on February 10, 1940, in Wymore, Nebraska. David passed away on October 28, 2023. A man of deep intellect, David was known for his smarts and dedication to learning. After graduating from Wymore High School in 1958, he pursued higher education with an unwavering commitment, receiving his B.A. from Peru State University in 1964 and later a Masters Degree from Chadron State College in 1968. David devoted his career to secondary education, serving as a history teacher until his retirement.

His passion for knowledge was not limited to his profession; he also loved reading history and religious books in his leisure time. As Mark Twain once said, "The man who does not read has no advantage over the man who cannot read" and David lived this truth to its fullest. His youthful spirit was evident in his fond memories of riding bikes, playing baseball and football in his early years, and his enduring love for car rides. David led a fulfilling life, never married, and is survived by his sister, Charlotte Moyer. He was preceded in death by his parents, Morris Jr. and Helen Moyer.

A graveside service will be held on Wednesday, November 8, 2023, at 2:00pm at Wymore Cemetery in Wymore, Nebraska. Per David's request, there will be no visitation. Those who knew and loved David are encouraged to share memories and upload photos to his memorial page, at www.ghchapel.com, keeping his spirit alive in our hearts.
