

AARP Foundation® Tax-Aide

PREPARE YOUR OWN TAXES ONLINE

AARP Foundation Tax-Aide provides fully virtual federal and state income tax services throughout Nebraska, with no in-person or on-site service available. All services are online using IRS-Certified Tax Counselors.

For us to prepare your tax return online, you must have the ability to perform the following Computer Tasks:

- **Your computer or iPad must have a working camera and a microphone**
- **Have an email address to send and receive messages**
- **Ability to scan or photograph your documents to upload to TaxSlayer Software**
- **Have a printer**

A Volunteer will have a conference with you through Google Meet to verify your identity and prepare your return. A secure account in TaxSlayer will be established so you can upload your documents.

After the Certified tax counselor prepares your tax return, it is Quality Reviewed by a second counselor and returned to you electronically for your signature. Your return is submitted electronically after you have approved and signed your tax return.

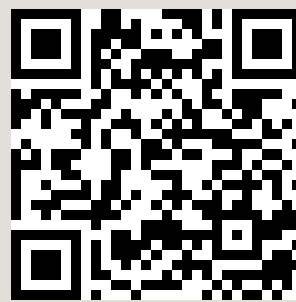

To start the process:

Go to the link or scan the QR Code below to complete the Service Request Form.

Once the form is submitted, a counselor will contact you via email to set up a Google Meet within three business days.
