After School Program 2025

*The After School Program is open to all students attending Morrill
Elementary in Grades 1st – 4th*

The Morrill Public Library's After-School Program is still going strong after two months! Students are really beginning to show us their personalities and creativity. We have participated in many exciting activities over these last few weeks and can't wait to keep exploring new things!

Students thus far have tested their engineering skills by building magnetic tile bridges, LEGO towers, and other building challenges! They have also sharpened their art skills by creating popsicle stick turkeys, pipe-cleaner pumpkins, and painting!

Our staff has worked hard to create engaging, exciting activities including Snow Fun in December! Students will use safe, non-toxic, fake snow to create their own mini-snowmen!!! Don't let your student(s) miss out on these fun learning experiences! Contact Dylan at the library to register.
